Our new website is very professional and is generating a lot of positive feedback from everyone that sees it. But what impressed me most was how Honeycomb Creative's writer did such a great job of dealing with a technical topic at a level that other engineers within our field can appreciate. Thanks to Allen's gentle prodding and patience, every aspect of the website goes well beyond what I had hoped for.

–Mary Windfeld, P.Eng, President

Honeycomb Creative Provides Everything You Need For A Hard-Working Website.

- ✓ **Custom Design:** A distinct look and feel that leaves a memorable and professional first impression.
- ✓ **Content Creation:** Website copy written and edited by a professional writer.
- ✓ **Content Management:** Our SiteManager uses an easy-to-use, password-protected web interface that lets novice computer users update editable website content.
- ✓ **Web Hosting:** Free website and email hosting for existing calendar year on secure, reliable Linux servers.
- ✓ **Search Engine Optimized:** Every website is designed and developed with baseline Search Engine Optimization (SEO) best practices to ensure that your website is Google friendly.
- ✓ **Search Engine Submission:** Website submission to Google and other major search engines.
- ✓ **Ongoing Support:** If you ever have any technical issues, one month or one year from now, call us and we'll take care of everything.
