Domain Registry of Canada Phishing "Invoice"

If you get any communication about your domain from the Domain Registry of Canada, please call Allen at 604.904.6622 before paying. Most of Honeycomb's client domains are registered with either GoDaddy or NamesPro, not the Domain Registry of Canada.

SEO Emails

I'm sure you're getting daily search engine optimization (SEO) emails from India, the Philippines and the Ukraine. Ignore them.

The vast majority of these firms use un-reputable techniques for SEO. If you're concerned about how your website is showing up in search results pages, contact Allen and schedule a time for him to come in and talk to you about what can be done for your specific website. And if you're working with someone who calls himself an SEO expert, please read the following articles first:

The Wall Street Journal; <http://on.wsj.com/H9qGLq>

The New York Times; <http://nyti.ms/HdFcM2>.
